## LOOK WHAT GOD DID!

**We just finished our 3 June events, and are excited to share some of the top comments with you. We appreciate your prayers and financial support—it makes these changed marriages possible!**

*My husband and I were in the process of painting and repairing our home to sell and divorce after 38 years. God dealt with both of our hearts separately to reconcile, forgive, and recommit. I cannot believe we got to renew our vows at the conference today! **Wife, married 38 years***

*I think that this weekend was really healthy for us. As an engaged couple, there were topics that we were hesitant to discuss and this weekend opened those doors for us! **Premarried***

*We reconnected from the isolation we created over time. The Love Letters were life-changing for us. We will fight to not allow isolation to creep in again. Oneness wins! Thank God for this life-changing getaway and reminder. We win because Christ won! **Husband, married 20 years***

*I believe before the getaway we were both ready to give up. I felt that I was done. I'm not the type to come to things like this but once here and listening to the speakers and seeing my flaws/areas I need to work on really opened my eyes. I was really glad I came 'cause I do love my wife and family and God. Now we have a starting place and both willing to work on it and keep God first. **Husband, married 5 years***

*Our marriage has been in dire straits for a few years. I came with hope yet trepi-*

*dation about the future of our marriage. During this weekend, I had to accept some things about myself...that was not easy. I have not been treating my husband with affirmation and respect. We now have the tools needed to set us on the path to a happier marriage! It will require hard work, but now we realize we can do it! Our reality has been checked! We are prepared to succeed in oneness in our marriage! **Wife, married 5 years***

*The getaway has reminded me the importance of my relationship with God first. Our society distracts and pulls us so far from God's plan for our lives and marriage. I am remarried and this weekend has opened my eyes that I have been punishing my husband for the past relationship issues that had nothing to do with him. I have rededicated myself to this marriage and feel like I have for the first time given all of me to my husband. **Wife, married 3 years***

*This getaway has changed the course of our marriage forever. Prior to attending this I was not continuing in this marriage, but since attending I have seen a change in my spouse and a gleam of hope that we can be restored. Thanks! **Wife, married 8 years***

*Generally, a wife will ask her husband to attend a marriage conference, but I took the initiative in this case. We got into a big fight Friday night right after the first session. By the end of the conference Sunday morning, her demeanor and spirit were nothing but humility and tears of joy. God answered our prayers. Thank you! **Husband, 5 to 9, married 9.5 years***

**Can you see why we love our jobs? Witnessing what God does in couples' lives makes our work joyful. Thanks again for your part in our ministry with FamilyLife!**
