This weekend has brought us so much closer together. We were that couple holding on by a thread! I had even already thrown in the towel 2 weeks ago. Thankfully my husband responded to my divorce request by signing us up. Divorce has been completely taken off the table and we've grown closer than before. Date night even ended amazing! *Wife, 3 to 8, married 3 years*

Before we came to Weekend to Remember, I thought our marriage was over. It was dark and broken. Today, I feel it has totally turned around. We are on our honeymoon again. *Wife, 1 to 10, married 16 years*

God worked on my arrogant heart and showed me that I need work. It will have a great impact on my husband and my children. *Wife, 8 to 9, married 24 years*

My spouse Mark received the Lord! *Wife, 3 to 6, married 32 years*

This saved our marriage. I had been placing all of the blame for our problems on my husband, and coming here made me wake up and see my contribution to our problems and that I am a necessary part that needs to change as well! *Wife, 3 to 7, married 6 ½ years*

This weekend gave my husband and me an organized, structured way to share our feelings and see actual changes take place. *Wife, 4 to 6, married 5 years*

I realized how I was wounding my husband by my words during conflict. I got a lot out of the "We Fight Too" session and the "Ladies Only" session. I really appreciated that there were people actively praying for my marriage. *Wife, 4 to 5, married 5 years*

Weekend to Remember was the first time we have had alone without the kids in 7 years. This season has been very hard on our marriage, but now we both feel renewed and encouraged to be a team – oneness. We are now hopeful and positively looking forward to our future and raising our kids to advance God's kingdom! *Wife, 3 to 7, married 11 years*

It was amazing and full of life-changing advice that will help us continue to strengthen our marriage. I can't wait to apply everything I've learned to make my husband feel truly and unconditionally loved. *Wife, 8 to 10, married 1 year*

We enjoyed our time alone and we were able to talk about things. Intimacy jumped up a few notches. *Husband, 4 to 6, married 5 years*
